

FIRECREEK GRILL NOW OPEN – RESIDENTS RECEIVE 25% DISCOUNT!

Come join the excitement and elegance of Druids Glen Clubhouse, the Fire Creek Grill and Maple Valley Brewing. The clubhouse features all the amenities of an upscale facility. The restaurant, The Fire Creek Grill, has a full menu and offers an extensive "take-out" service. Catering services for those special occasions are also available. Maple Valley Brewing is to open soon.

The Fire Creek Grill is extending Remington homeowners 25% discount on all food and beverage items (excluding alcoholic drinks) in the dining room or lounge. They are making resident discount ID Cards that you can pick-up at the restaurant. The discount applies only to those in your party that are Remington residents and you must present your card to receive your discount. Please take advantage of it....but don't abuse it! Any resident misuse of the restaurant discount service will result in a permanent forfeiture of all discounted services to the entire resident's household members.

In addition to these fabulous restaurant discounts, also remember that Remington residents receive discounted green fees one hour prior to the public twilight rates. Since twilight rate times are adjusted seasonally, check with the Pro Shop or visit the Druid's Glen website at <http://druidsglengolf.com> for complete information.

When you get a minute, please stop by the course and meet new PGA Professional Mike Nolan, Assistant Pro and Tournament Coordinator Jeff D'Amico and restaurant Manager Richard Jones.

Finally, keep your fall calendar clear for the upcoming RHOA Annual Golf Tournament. The actual date at this time is still TBD.

For additional information on any of the material above, contact Druids Glen or any RHOA Druids Glen Committee Member.
